

## **Internship Final Reflection**

### **Task**

Write a 750-1000 word reflection about your internship experience in which you address the following, though not necessarily in the order listed. Be sure to include a description of your internship site and the specific duties of your internship in your reflection.

- What did you find the most meaningful, challenging, exciting, etc. about your internship?
- How did your internship experience help you to understand yourself as a professional? (I.e. What do you enjoy doing? What do you not enjoy doing? How and where do you like to work?)
- Did this internship get you to think differently about your professional goals, and, if so, in what way?
- Would you recommend this internship experience to another English student? Why or why not?

### **Submission Process**

Email your reflection to Dr. Mack within two weeks of completing 120 hours at your internship site. This may or may not dovetail with the conclusion of your internship.
